SUBJECT: Supporting Educators in Preparation for Reopening Schools

Michigan's Multi-Tiered System of Supports (MiMTSS) Technical Assistance (TA) Center is sponsoring a series of free webinars to support educators in preparation for reopening schools. The webinars focus on four themes: (1) Positive and Effective School Climate, (2) Social and Emotional Well Being, (3) High Leverage Instruction, and (4) Family Engagement. Each webinar theme will be presented by national experts in the field with a follow-up webinar by state experts from the Michigan Department of Education (MDE). The series will be introduced by MDE executive leadership.

All webinars will be recorded and posted to the TA Center website. Additionally, each webinar will have accompanying tools and resources for the implementation of the specific practices identified during the presentation. Due to security measures, all participants are required to register for the webinars. Space is limited to 500 participants.
